Thank You

The members of the club would like to thank the sponsors that supported our membership night by donating door prizes. Your contributions made the night a success.

A list of the sponsors is included in this newsletter. The board of directors urges all members to support these businesses.

The club would also like to thank all of those that help at membership night, sight-in days, hunter's safety courses, work parties and in various other ways.

Hunters' Safety Courses

We will host two hunter's safety courses this year. The first occurred April 4th and 5th. The next is scheduled for June 27th and 28th. Please call Gerry Wise at (814) 922-3950 or 490-8952 to enroll.

Classes are limited to 50 students.

The gun club's website address is www.walnutcreekrifleclub.com. Visit the website for membership applications, newsletters and the club calendar.

Penn DOT

Penn DOT cleaned out the culvert area underneath route 20. It was necessary to close the range while the work was underway. They also plan to place stone along the banks for Walnut Creek to control erosion near the route 20 bridge. This work is expected to take place this summer. It should not be necessary to close the range while this is going on.

Range Maintenance

We hold work parties the first Saturday of every month, April through November (except for July). If you would like to help with range maintenance, please join us at the club at 8:30 AM. We have several ambitious projects that we would like to accomplish this year. Some of these are:

- Improve drainage on the pistol and rifle range.
- Repair damage to the roof on the rifle range.
- Replace damaged railroad ties on the range walkways.
- Spread gravel on the walkways.

Range Cleanup

At the April range maintenance we cleaned up the outdoor range. We were surprised at the amount of garbage our members are leaving behind. There were cans, bottles, batteries, large plastic jugs, propane tanks, a TV set and lots of paper scattered around. Please take your garbage home with you. The people that look after the range are volunteers. They do not appreciate cleaning up trash left by other members.

New Lock Combination

We changed the combination of the gate lock on April 4th.

Tuesday Night Outdoor Shoots

The Tuesday night shooters have moved outdoors. We are shooting metallic silhouette targets with handguns, reduced velocity rifle loads (1500 fps maximum) and 22 rimfires. Please join us.

Wednesday Night Pistol Practice

Cliff Snyder and a group of people are meeting on Wednesday evenings to practice bullseye pistol shooting. If are interested in pistol shooting or would like to learn more about it, please join this group. They will make you feel welcome. For more information, call Cliff at 833-1490.

Damage to Target Frames

Please do not shoot the 2 X 4's or railroad ties on the pistol and rifle ranges. Also, we are asking all members to refrain from shooting the chipboards with shotguns. Shotguns quickly destroy the chipboards. We have provided chicken wire at 25 yards. Hang shotgun targets there.

Lost and Found

Any found items will posted on the club website. The address is www.walnutcreekrifleclub.com.
